

My family is looking for part-time child care for our 7-year old son starting in September from Wed and Thurs, some Fridays 3:20 - 6 pm. On some days, we will need all-day care, if that aligns with your schedule. We need someone who arrives on time, is loving, patient, and comfortable setting limits. Our son needs someone who he can ride bikes with and go the neighborhood park, nickel arcade, and library with. The child you would be watching loves to play outside, read books, hang out in the garden, and have play dates with friends. We would like someone who has at least two references and a clean driving record. Having a car is not required as mine sits in the driveway mostly unused. Our household is smoke-free, we have a dog, chickens, and live in the Dekum triangle close to restaurants and the lovely Woodlawn park.
